

Di4

**Di4 e.V.
Community for the
promotion of digital
infrastructures, investments,
innovations and industry**

Why you should take part

“Our goal is to create a platform in which all relevant market participants can network with colleagues in order to advance digitization”

Promotion of digitization in the DACH region

Promote investments and financing in digitization, regardless of whether it is infrastructure, services, software or platforms, with the aim of driving digital innovation

Network with all relevant stakeholders in the sector

Our association enables excellent networking opportunities in formal and informal settings and this also in-person

Exchange of knowledge and participation in events

Stay informed with regular knowledge exchanges and events on specific topics of digitization. Sparring with like-minded people helps everyone

Target Audience

Top industry events under one roof

Yearly Di²-Summit

A platform that enables match-making between investors and infrastructure owners. Furthermore, participants have the opportunity to find out about the latest trends in digital infrastructures.

CDO Forum

Transforming company processes and systems to the changed customer behavior is and remains an important issue for all business users. Regular informal exchange between colleagues takes place 2-3 times a year

CTO Forum

Network operators ensure secure, fast and reliable communication every day. The CTOs are particularly challenged here. Several times a year, the CTO Forum offers an informal exchange between colleagues on current and future technologies and trends

Membership & Benefits

Any Company, clubs, association, organization or any legally competent natural person who identifies with the goals of the community can become a member.

Membership costs €250 for natural persons and €2,000 for companies. The corporate membership includes 3 tickets for the Di²-Summit in value of approximately 3,000€. For individual members, the membership fee will be offset against admission to the Di²-Summit. In addition, each member has the right to vote at the general meeting.

Association structure

The association consists of

- A presidium, consisting of the president and at least 2 vice-presidents as well as further members of the presidium
- Cash auditor, independent of the executive committee, to control the funds used
- Administrative Office

In addition, the work of the association is shaped by working groups.

The work in the community is done on a voluntary basis.
