

Roundtable: **Market Structure in Germany: recent market data and feedback from member companies**

Roundtable Host(s): BREKO

Moderator: Dr. Stefan Albers

NOTE: This workshop will be held in GERMAN

Time: tbd

Room: tbd

The German Broadband Communications Association (BREKO) represents the majority of German fixed-network competitors. Its members are clearly committed to future-proof optical fiber and are currently responsible for 80% of the competitive roll-out of direct optical fiber connections (FTTB / FTTH).

Workshop Host

Dr. Stephan Albers has been Managing Director of the German Broadband Association (BREKO) since 2009 and Chairman of the Supervisory Board of the BREKO Purchasing Group since its foundation in 2010. Having completed a banking traineeship, he studied law at the University of Münster, where he obtained a doctor's degree in the field of Arbitration Law of the Civil Procedure Code. Afterwards, he worked as a practising lawyer focusing on company law. In 1997, he joined the legal department of Arcor where he established the political communication unit and opened the capital office, eventually being responsible for corporate communications and politics.

Objective:

Presentation of the BREKO Market Analysis / Market data

Format:

- Interactive workshop with max. 20 participants
- One 1h session
- Presentations only support the workshop discussion. The major focus is the active participation and integration of the participants
- Chatham House rules apply for the entire Di² Summit and secure the high-level trustful environment
-

Content of the Roundtable:

1. Fiber investments in Germany
2. Fiber coverage in Germany
3. Fiber player in Germany
4. Further deployment in Germany
